## CAREERS

# We build better opportunities

We're committed to providing an opportunity for ambitious innovators who want to become part of a purpose-led organization and grow with the tribe of global innovators. Do you want to reimagine the next generation of products developed by the digital enterprises of tomorrow?

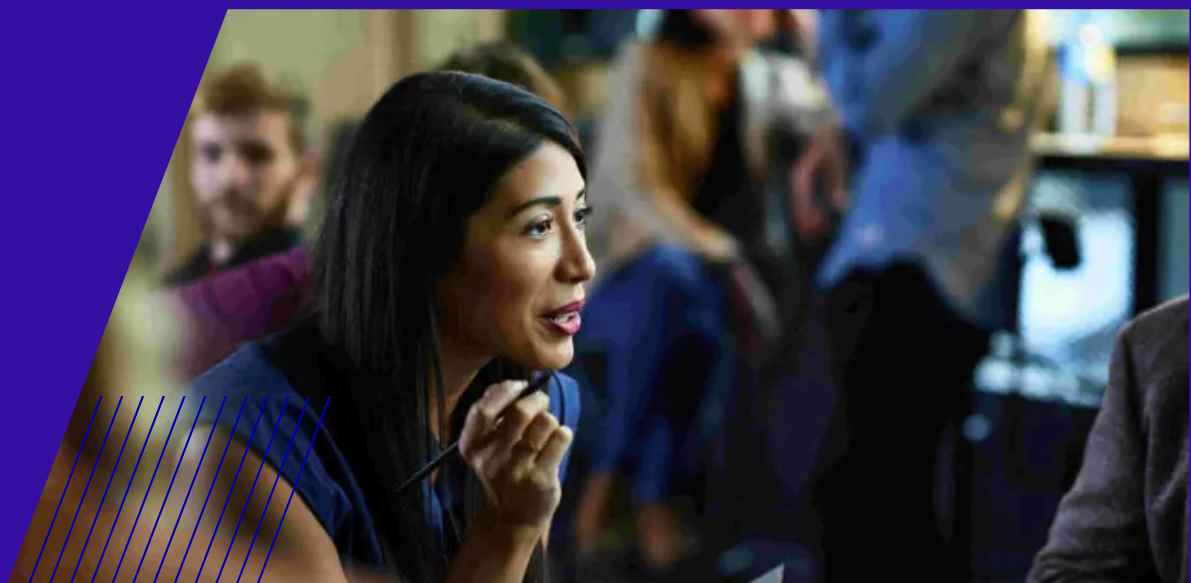

#ComeJoinUs in #EngineeringABetterWorld

**A workplace where everyone has the freedom and opportunity to succeed. That's better.**

For those who have the passion and creativity to engineer a better world, we provide the leadership and support they need to fulfil that ambition. We believe in providing equal opportunities to all individuals irrespective of colour, race, gender, religion, disability, age, sexual orientation, or national or ethnic origin. Through a global, diverse and exciting working environment, and access to the latest technologies, we cultivate a workplace in which everyone has the freedom and opportunity to succeed.

As an employer, we understand what better looks like and are committed to helping our people play an active role in **#EngineeringABetterWorld**

## Find your better

Our values underpin our relationships with customers, with communities, and with one another.

## Better diversity

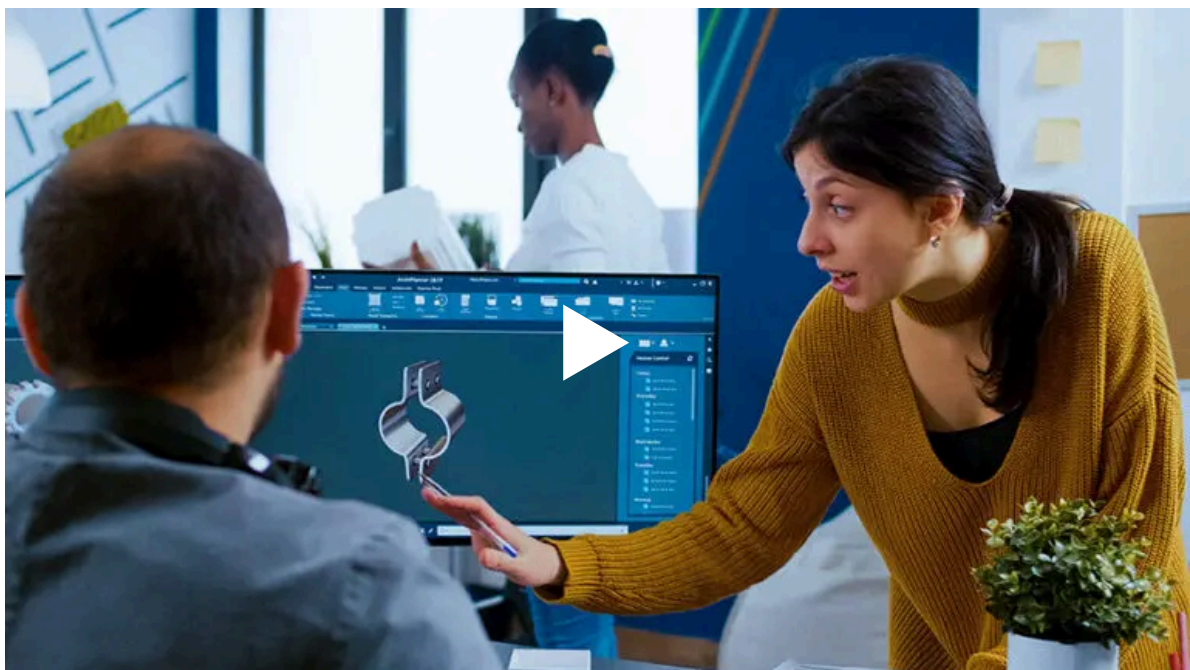

We are a diverse group of innovators who work with a global, collaborative mindset. Our commitment to equal opportunities

**TATA TECHNOLOGIES** | People across **TATA** our 18 delivery centers worldwide to achieve their goals.

## Better communities

We foster a collaborative working culture where we work in one, connected team with our clients and engage an ecosystem of partners. By forming better communities, we can innovate better processes and products.

## Better collaboration

**TATA TECHNOLOGIES** | new **TATA** challenge with a can-do attitude focused on innovating new solutions to address the biggest challenges being faced by manufacturing industry. We work together and win together.

## Why work with us?

We're committed to providing an opportunity for ambitious innovators who want to become part of a purpose-led organization and grow with the tribe of global innovators. We empower our people with the skills and technologies they need to innovate, design and engineer the next generation of vehicles, planes and industrial machinery.

And we're proud to offer a global, diverse and exciting working environment, with opportunities for job rotation across our offices in Asia-Pacific, Europe and North America.
